

# COSMETIC PROCEDURES

*Change the  
contours  
of your body...*

**Centurion Clinic**  
for Cosmetic Surgery

The Centurion Clinic for Cosmetic Surgery is registered with the  
Department of Health 14/RC/07

- **Breast Enlargement**

A choice of implants gives you the size you really want.

- **Breast Reduction**

Reshapes over-large breasts to give a more normal, natural and comfortable size.

- **Breast Lift**

Helps restore sagging breasts to their original and youthful shape.

- **Liposuction - Liposculpting**

Doctors can effectively remove stubborn fat from the stomach, bottom, thighs, knees, ankles, arms and chin. LIPOMATIC - new liposuction technology offers less bruising and quicker recovery after the procedure.

- **Abdominoplasty**

This procedure removes excess skin and fat from the middle and lower abdomen and also tighten the muscles of the abdominal wall. Particularly helpful to women after pregnancies and weight loss.

- **Ear Surgery**

This procedure enables doctors to make protruding ears less prominent.

- **UltraShape**

Non-invasive fat reduction and body contouring

CREDIT FACILITY AVAILABLE • CREDIT CARDS ACCEPTED
